# Construction Bulletin

No  
95-11

Issuing Office:

CEMP-CP

Issue Date:

5/11/95

Exp. Date:

31 DEC 97

## CEMP-C

**Subject:** Acquisition Regulations on Magnetic Media

**Applicability:** INFORMATION

1. The purpose of this Construction Bulletin is to remind all Corps members of the availability of the Federal Acquisition Regulation on magnetic media. Every individual who has contracting authority should have ready access to a complete and current set of the acquisition regulations.

2. The package, called FAR-MASTER3, includes the FAR plus DFAR, AFAR, EFAR, FIRMR, and FAR forms supplements. Other supplements are available at additional cost. The Corps contract prices, which are substantially discounted from regular prices, are as follows:

a. Single User: Windows Version \$599 per year  
DOS or MacIntosh Version \$119 per year.

b. LAN: Windows Version \$119 per year, per user, minimum of five users. DOS or MacIntosh Version \$238 per year, unlimited users.

3. FAR-MASTER3 is available on CD-ROM or floppy disk (same pricing for either format). Users of the CD-ROM format receive quarterly updates, while users of the floppy disk format receive monthly updates. Purchasers of the CD-ROM format for a LAN must have a CD-ROM player on your server, and should be aware that accessing the CD over a LAN will be slower than accessing files installed on the hard disk.

4. To purchase a subscription to FAR-MASTER3, place your order directly with the vendor:
